*Insider Tips To Make Your Business  
Run Faster, Easier And More Profitably*

## What Will You Do When This Disaster Hits Your Business?

In today's world of rampant cyber crime, business owners know the necessity of locking down their data. However, we find that the cyber security technologies used by a vast majority of businesses are out of date. Sure, your current solution may have worked great, but digital threats to the safety of your company are constantly evolving. Criminals will eventually attempt to breach your data and barriers once thought secure are no longer.

"As a business owner, you don't have time to waste on technical and operational issues. That's where we come in! Call us and put an end to your IT problems finally and forever!"

*Will Nohar*  
Founder & CEO  
Vector Choice

## WE PRACTICALLY GUARANTEE IT WILL HAPPEN TO YOU

As technology evolves, so does crime. New threats arise each and every day. While solutions are available (and needed), they are notably absent in older software developed at a time before these constantly morphing attacks even existed.

Once the enemy has found a way to pick your lock, you need a new lock. Luckily, you have your trusty IT provider, constantly on the lookout for cutting-edge solutions that protect our clients from even the nastiest malware.

Constantly look at options to upgrade to more robust, better cyber security to defend yourself from the leading-edge hackers, and sleep safe knowing your business is secure.

## Shiny New Gadget Of The Month: The Feeder of the Future

The cutting-edge U by Moen Smart Shower is looking to revolutionize your shower experience. With digital valves and a corresponding controller, it can make any shower a lot smarter. After users install the digital valves and controller, a task that takes a few tools and a little bit of handiwork, it allows them to sync their showers with their smartphone. The system then makes it easy to customize the showering experience, choosing the perfect temperature and saving preferences for future use. Start the shower remotely, and it will let you know when it's ready, automatically shutting off until you step in. Available for showers with either two or four outlets, the U by Moen is the perfect addition for those looking to digitize every aspect of their home.

## Fight Traffic Tickets WITHOUT Leaving The Comforts Of Home

“Off the Record” is a new app that allows you to contest those pesky speeding tickets without ever leaving your house. All you have to do is take a picture of your ticket, answer a couple questions, and pay a fee (ranging from \$53 to \$599, depending on your area). The app will then assign the

## Your Copier Is Spying On You

It may sound paranoid, but it's true: the machines you use every day around the office could be spying on your data. Copiers and multifunction printers, particularly, are some of the leading causes of business data breaches. When you consider it, it makes sense. They're among the only devices on the network that rarely have their default password changed. But these

case to a local lawyer to contest the charge. It may sound too good to be true, until you consider its 97% success rate. Best of all, if the ticket is not dismissed, deferred, or reduced to a nonmoving violation, you'll get a full refund!

advanced copiers and printers often house images of all the pages they've ever scanned on an internal hard drive, making them the perfect target for thieves. Make sure to change the password from the default on every network-connected device in your office. This one simple step can save you a costly headache down the road.

The Grand Prize Winner of last month's Trivia Challenge Quiz is Mark Wagner!

Now, here's this month's trivia question!

### **Who Wants To Win A \$25 Amazon Gift Card?**

The next major step in the automated computer was the development of something that was widely used for nearly a hundred years. What did Herman Hollerith and James Power develop in 1890?

- A) Punched Cards
- B) Confetti
- C) Ticker Tape
- D) Papier Mache
